

T-Level Year 2 – OccSpec Outline

This is your definitive checklist for what to submit for every task. Tick the box when you have completed and then submitted the work.

Task	What to Submit	Completed	Submitted
Task 1	Technical Specification		
	Design Drawings		
	Any maths done during design		
	CAD models in the form of a single PDF (CAD Drawings)		
	Bill of Materials & Material Justification		
Task 2	Risk Assessments		
	Any photos of your prototype		
	Test plans and reports		
	Video of model working		
Task 3	Your peer review of other's work		
	Your evaluation of what others said about your work		
Task 4	Your updated CAD models in the form of a single PDF		
	Revision control document		
	Evaluation and implementation report
